

ktsMarketTerminal YourBrand™

Reach your clients: put your brand in front of them with your own branded ktsMarketTerminal.

We call it YourBrand™. You call it a result.

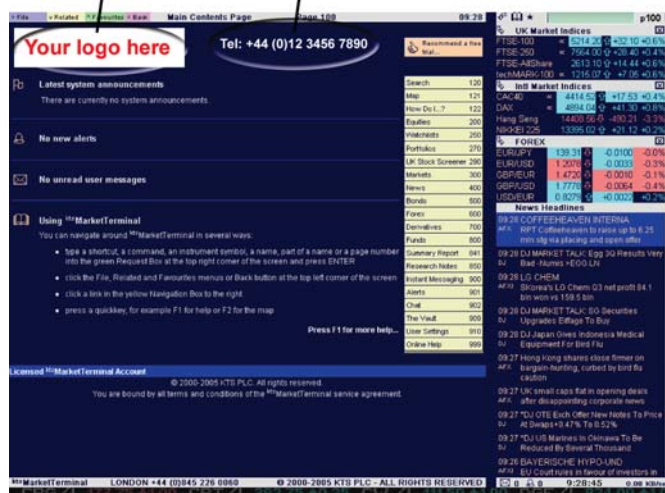

ktsMarketTerminal is a powerful cost-effective real-time market information service with international coverage.

It is unique because of its proprietary next-generation ASP (Application Service Provision) technology. This enables users to connect to ktsMarketTerminal instantly from any PC or laptop via the Internet, with no need for new hardware, software or communications infrastructure.

This makes it ideal as a service that you can provide to your clients, giving them instant, fuss-free access to international stock quotes. With YourBrand™, we enable you to provide a ktsMarketTerminal service to your clients, with your logo on it. This can be on any PC, laptop and even PDA or BlackBerry handheld.

Reach and score with YourBrand™

Enlist with YourBrand™ now, and see immediate benefits:

- Improve your company's brand visibility.
- Differentiate yourself from your competitors with this unique offering.
- Enrich your relationship with your clients.
- Increase your clients' trading activity by providing pointers via news and alerts.
- Integrate the ktsMarketTerminal service with a web-based trading portal.
- Communicate with clients by broadcasting announcements and messages on the service.
- Manage user accounts and reporting tools.

For more information call us on +44 (0)20 7256 2300 to discuss your requirements.
