Modern Slavery and Human Trafficking

This information was last updated on 28th July 2026.

Arcontech forbids human trafficking, the use of all forms of forced or compulsory labour and any other form of modern slavery. Arcontech therefore expects its suppliers to do the same throughout it’s supply chain and operations. It is Arcontech’s view that suppliers have a key role to play in combating these crimes. Arcontech will not involve itself in relationships with suppliers involved in human trafficking or any other form of modern slavery, and this is a material consideration in selecting and evaluating our new and existing supplier relationships.

Arcontech is committed to the UN Guiding Principles on Business and Human Rights.
